To Whom It May Concern,

I am pleased to write this letter of recommendation for **Eyob Hailu**, who has been an outstanding student in my Java Programming course at Assosa University. As both the Department Head and a Lecturer in the Computer Science department, I have had the privilege of teaching and observing **Eyob** throughout his academic journey.

Eyob has consistently shown great enthusiasm and aptitude for computer science. His dedication to learning and his strong work ethic were evident throughout the Java Programming course. **Eyob** actively participated in class discussions, completed assignments with excellence, and demonstrated a deep understanding of programming concepts.
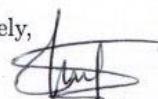

His problem-solving skills and analytical thinking set him apart as an exceptional student. **Eyob** was quick to grasp complex programming topics and was always eager to explore creative solutions to programming challenges.

Furthermore, **Eyob** demonstrated strong teamwork skills and collaborated effectively with his peers on various programming projects. He was always willing to assist his fellow classmates, providing guidance and support to those who faced difficulties.

Based on my interactions with **Eyob** , I am confident in recommending him for any academic or professional pursuits. His passion for computer science, technical proficiency, and commitment to excellence make him an excellent candidate.

If you require any further information or have any questions about **Eyob**, please feel free to contact me at fikeeshetu@gmail.com.

Sincerely,

Fekadu Eshetu

To Whom It May Concern

I am writing this letter of recommendation on behalf of **Eyob Hailu**, who was a student in the "Network and System Administration" course at Assosa University during for one semester.

Eyob Hailu 's dedication and commitment to academic excellence were evident throughout the course. As the instructor for the "Network and System Administration" course, I had the pleasure of mentoring Eyob, and I can confidently attest to their exceptional skills and abilities in the field of computer networking.

Throughout the duration of the course, Eyob exhibited a deep understanding of the subject matter and demonstrated a high level of proficiency in various concepts related to network administration, system management, remote host management, and security protocols. his consistent engagement in class discussions and proactive approach to problem-solving made a significant impact on the overall learning experience for both the instructor and his peers.

Furthermore, as a responsible and dependable student, Eyob actively participated in group projects and collaborated effectively with their peers. his ability to work harmoniously in a team setting, coupled with his strong communication skills, made him a valuable asset in group assignments.

It gives me great pleasure to recommend Eyob Hailu for any future endeavors in the field of Network and System Administration or related areas. I am confident that his passion for learning and his exceptional academic performance will continue to drive him to excel in his chosen career path.

Sincerely,

Kemal Hussen (MSc. in Computer Networking),

To whom it may concern

It is my honor to recommend Eyob Hailu who has graduated in 2023 from Assosa University with a Bachelor of Science in Computer Science with Very Great Distinction and Mr. Eyob Hailu was one of our top performing students in Assosa University, Department of Computer Science. In all the periods he stayed with us, he has scored best grades for the courses I taught him. He is powerful enough to learn new things. He is a hard working person, works well with people, respectful and responsible.

Besides, in the course of working on his final year project entitled "Complain Management System for Assosa University", he was bringing new ideas and working diligently to bring the project completion. During all the time, he was courageous to come with the best results. Mr. Eyob Hailu has been a student of practical, analytical and theoretical performance. Accordingly, he was one of the top few students who have done the best work in his final year project and scored an "A" grade in his project work.

Generally, I can say without any reservation that his combination of intelligence, commitment, creativity and compassionate character will certainly make him do well in any institution. Accordingly, I encourage you to look happily up on his application. I would also like to recommend him for further studies in computer science and other related fields.

Please feel free to contact me.
